Good point. Sounds best for now to keep cases that "count" separate from those that do not.

Sure, we could add it to the June list BUT it is not really a "completion" because it will not affect the backlog nor the FY19 completion rate measures. It is just another kind a SNUR rule like the 19.1F.

Got it - thanks. From the tracker it appears that RAD is aware that this is a hair on fire case and I'll leave it to Ex. 6 Personal Privacy (PP) to work with Ex. 6 Personal Privacy (PP) per usual to get what's needed to close out Ex. 6 Personal Privacy (PP) at some point we'll want to consolidate or otherwise cross-reference HOF cases to the project completions list so, for example, a case like this would be included in future monthly projections (i.e., it seems like this case should be on the June list).
